Due to our normal vendor selling his business, I have contacted a new vendor willing to supply us with tee-shirts and sweatshirts at near the same prices we had received in the past. In order to offer these prices they do require us to place the orders all at one time by May 24<sup>th</sup> of this year. It will be necessary for everyone wanting shirts this year to pre-order and pay for them by that date. I will order a few extra but not as many as in the prior years, hopefully eliminating another fire sale. If during the week following our Rod Run anyone would want additional tee-shirts or sweatshirts they can be ordered directing from the vendor, however they will be a picture transfer and not a picture screen print, and will cost **much more** depending on the number of shirts requested.
