We are using the same vendor as last year for our shirts. Again, we will buy only Gildan T's and Sweats. Cost this year may be a dollar or two less than last year for most of the selection but in order to offer these prices they do require us to place the orders all at one time by May 23th. It will be necessary for everyone wanting shirts this year to pre-order them by that date. I will order a few extra but again, not as many as in the prior years eliminating those fire sales. If during the week following our Rod Run anyone would want additional T-shirts or sweatshirts, they can be ordered directing from the A&J Screening in Blackhawk, however picture will be a "transfer" and not a "screen print", and will cost **much more** depending on the number of shirts requested.
